

For Mobile Users

Advisory

BEFORE Downloading anything on your Android phone, we suggest you to create another Google account in the settings of your phone with the username and password provided by the School.

By default, your personal Google /Gmail account already in your mobile will have preference over the new account (school Id) and your apps will open with your personal account ids. And not with School id. In order to avoid that it is better to create a Google Account beforehand and make it default. Just the way you created your personal account in your Android phone, Create the School's google account with the credentials provided to you by School.

Your School Online Google class id will read as

e.g.: amit.s1234567@spsrohini.net

1.

Download the
Google Classroom
app

and

Google Hangouts
Meet app from
google play store.

2.	Tap Classroom app.	<p>DONOT LOGIN WITH YOUR EXISTING PERSONAL GOOGLE ACCOUNTS or PERSONAL EMAIL IDS</p> <p>Your School Online class id will read as e.g.: amit.S1234567@spsrohini.net</p>
3.	<p>It may happen that after installing the classroom app and clicking classroom you may not get access to classroom and an error message will ask you to contact the administrator. This is because the mobile is trying to get access of classroom with your personal google account. You must create a separate google account in your mobile with the login credentials given to you by school.</p>
